To install Animal Crossing on PC, you simply need to launch the latest version of BlueStacks and search for the game by typing its name on the search bar on the home screen. In our review of Animal Crossing: Pocket Camp, we mentioned how this game franchise branches out from the others by offering gameplay more akin to a social simulator where you decide what to do, and when to do it, with no sense of urgency whatsoever. Matches take place between five-person teams that focus on destroying their opponents' bases and towers. If you're outside the US or any other area where the game is available, don't sweat it! You can still install Animal Crossing on PC; it'll just take a few extra steps. This is a title that, while you can definitely sit down to play for a few hours, decorating your campsite or fishing and catching bugs, you will eventually run out of things to do in the day. Last but not least, you can also easily share pictures and videos of your unique campsites and creations in Animal Crossing: Pocket Camp. Smite also features a rotating roster of free characters that can be permanently purchased with in-game currency or bought in packs with real cash. Since Animal Crossing is not a game that you can "beat," there's really no point in playing it religiously. Advanced embedding details, examples, and help!
